Setting up UpToDate access

Rev. 7/23/17
Step 1 – Web Link from your computer

- Go to https://www.lib.jmu.edu/research/uptodate/
- Login with your eID and password
Step 2 – Register for an UpToDate account

Your UpToDate account is to manage your mobile device access and track your CME/CE/CPD credits.

If you do not want an account, hit Continue with your search link to access UpToDate through your web browser.
Step 3: Accept License

To finish setup, you need to hit Accept License

After review, use the Back button to return to this screen and Accept License
Mobile Device Setup

Android
Step 1: My Account

• When logged in to UpToDate on your computer, go to My Account
Step 2: Download Center

Click on Download Products link under Download Center.
For Android

- **FIND:** Search for "UpToDate" in your Google Play Store
- **INSTALL:** Click the "Free" button to the right of the UpToDate icon; it will change to an "OK button"
- **LOG IN:** When installation is complete tap the UpToDate icon and launch the App. At the prompt enter your UpToDate user name and password.
- (Do not click on Institutional Account)
